

LIKED

What was good?

estimated time
(except
programming)

work
distribution

finished 2
user stories
already

backlog
(user
stories and
tasks)

LEARNED

What did the team learn?

Programming
needs more
time

graphs are
not easy in
react-native

the
project
needs

coingeckos
api
structure

LACKED

What did the team lack?

github
structure

sprint
closed 1
day later

LONGED FOR

What did the team long for?

easier way to
communicate

working
coin
graphs

only using
1 github
branch
